Check Your Bias

Take a deep breath and ask:

- A) What is my bias?
- B) Why do I think this?
- C) What is the opposite of this idea?
- D) What happens when I look at the world from the opposite point of view?
- E) Can I find middle ground or change my thinking?

Just because you believe something now, doesn't mean you have to continue to do so! You can ALWAYS change your mind!
