

# Activity 80

## Color Connections

**Directions:** Unscramble the words in the box. Then use them to complete the sentences.

rcool hewle	asevul	synitenit	eltnrua	rxtteue
nitt	aesph	noorhomitcacm	teelpocmymarn	ehu <i>hue</i>

- The \_\_\_\_\_ is a diagram used to demonstrate the way different colors relate to each other.
- Lines in a garment form its outline, or \_\_\_\_\_.
- The name of each color is known as its \_\_\_\_\_.
- The lightness and darkness of colors are known as their \_\_\_\_\_.
- When discussing how bright or how dull a color appears, you are discussing the color's \_\_\_\_\_.
- A light value of a hue is called a \_\_\_\_\_; a dark value is called a shade.
- A one-color plan is called a \_\_\_\_\_ color scheme.
- To select \_\_\_\_\_ colors, choose hues that are opposite each other on the color wheel.
- Combining black, white, or gray with another hue creates an accented \_\_\_\_\_ color scheme.
- The type of yarn and the weave used in making a garment determine the way it feels, which is called its \_\_\_\_\_.
