## MEMORANDUM

**To:** Board of Education  
**From:** Eric Luther  
**Date:** 3/11/2022  
**Re:**

---

We are finishing up the 3<sup>rd</sup> marking period this month and making last efforts as we approach the NYS 3-8 exams in ELA and Math. ELA begins at the end of the month with the math exam starting after Spring Break in April. I am also planning to start meeting with the 5<sup>th</sup>/6<sup>th</sup> grade teachers, 7<sup>th</sup>/8<sup>th</sup> grade teachers and 9-12 teachers over the next month or so to have conversations regarding common practices and expectations for the various grade level components in preparation for the Fall of 2022. We wanted to improve our expectations and communication of said expectations in order to improve the experience for all of the kids and to make it easier for parents too.

In athletics, softball and baseball seasons are starting Monday. Schedules are nearly set and changing daily due to proms, senior trips, etc. Hopefully the weather improves soon and we can get the kids outside sooner rather than later.

In CSE, we have been continuing to work on annual reviews and we also to discuss the possibility of the new program in the elementary and Middle School. Nothing has arisen in the meetings so far, to bring concern to the building and the district. All services and needs can be continued to be met with the programs and supports we currently have in place.
