OFFICE OF THE HIGH SCHOOL PRINCIPAL

MEMORANDUM

To: Board of Education
From: Eric Luther
Date: 12/9/2021
Re:

We are working on finishing up the 15 week progress report as reports will be going out prior to Christmas Break. This has been tough to get through though with the increased number of COVID cases and quarantines. The staff are working hard though and doing the best they can to navigate this situation. We are also preparing to introduce a new supplemental program called Boardworks which is an online platform for assisting teachers and students who may be in a virtual environment. It is designed to provide options for instructional lessons with video, explanation, work, etc. which staff can use to provide better instruction for students who are not in school. Teachers can also implement these activities in their day-to-day lessons and/or AIS programs. PD is being offered at our next Faculty Meeting so staff can begin to look at the program and work to initiate implementation.

In athletics, basketball season has started and we just had the Boys' Tip Off Tournament where the boys played 2 great games and came away with the championship trophy. The girls' tournament is this coming weekend and we are hopeful for similar results. Modified games begin next week.

In CSE, things have been pretty quiet. We have 3 initial evaluations that we are working on and I had an IST meeting on another student this week. We will be trying different strategies to help them out for the next month or so in order to exhaust all options prior to another CSE evaluation referral. We are also starting the process of looking at our annual reviews for the 21-22 school year and I will be working with the staff to get those assigned and invitations out starting in February.
